Health, Safety and Environmental (HSE) Policy Statement

FairfieldNodal is committed to the protection of our employees, customers, and the communities in which we work in all aspects of our operations. Our guiding principle is to “Do No Harm” to people or the environment. FairfieldNodal will achieve this by maintaining “best practices” and continually improving upon them.

FairfieldNodal will demonstrate this commitment by pledging to:

- Reduce the HSE risks and exposures of our activities, products and services to levels as low as reasonably practicable (ALARP);
- Seek proactive and prevention based management opportunities to continually improve the HSE culture in all aspects of our business activities;
- Continually improve our health, safety & environmental performance by establishing clear objectives and ensuring consistent performance through systematic assessment;
- Foster open dialogue with our employees and contractors to ensure that everyone understands their roles and responsibilities for achieving superior performance and a transparent safety culture;
- Comply with all applicable regulatory requirements and collaborate with stakeholders to establish programs that safeguard the community, workplace and environment;
- Develop responsible standards where laws & regulations do not exist;
- Actively pursue the development of safe, environmentally-friendly products and practices in all aspects of our business; and
- Minimize waste by taking steps to reduce, reuse and recycle wherever efficiencies can be found.

Signed,

Charles W. Davison Jr.
President and CEO
