

Document Control Number <b>199-All-Policy-156</b>	<b>Quality Policy</b>	
Revision <b>1-30-2015</b>	Document Owner Position <b>Vice President</b>	

FairfieldNodal Data Acquisition Division's goal is to exceed our customers' expectations continually by delivering the highest quality services. We strive to conduct business with a total commitment to our customers' satisfaction. We must ensure that customer requirements are met and when possible, exceeded, with the aim of enhancing our customers' success.

We will achieve this by:

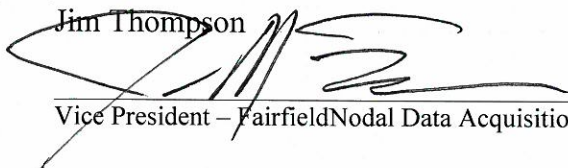

- Complying with legal and regulatory requirements, and continually improving the effectiveness of the quality management system
- Monitoring, measuring and analyzing the Company's organizational goals and expectations to verify that the processes are implemented effectively.
- Knowing who our customers are and what their requirements are through open communication
- Providing ongoing training to advance the skills of our greatest asset, our employees
- Making continuous improvement a part of everyday activities and every job through the use of team participation and evaluations
- Ensuring continuous improvements are aligned with our mission, objectives and targets
- Ensuring that our quality policy and procedures reflect what we actually do

Specifically we will:

- Comply with the requirements set forth in ISO 9001:2008
- Deliver our product and services in accordance with the specific contractual agreement or legal requirements established by clients or customers
- Conduct periodic Management Review to address and mitigate any non-conformances or complaints received from customers
- Communicate with our contractors, suppliers and the public with regard to our policy.

Signed,

Jim Thompson

Vice President – FairfieldNodal Data Acquisition Division
